Dear Ms. Marina

My name is Sreyngit Doeurm, and I'm writing to express about my interested in position of Network Administrator in your company, After I read advertised on your company website. I'm currently a student as Network System Administrator at PNC Organization. I'm confident on myself that, I can make you satisfies on my hard working because I have a good skill on this position. And I will be earning a certificate of my study at PNC in December 2021 and a bachelor of network administrator at 2023.

As my academic at school, volunteer work at some organizations and practical on my internship I will be a good worker at your company. I have got the skills and more experience during school, and I have learnt and know more about Network System Administrator as configuration Network devices like Switch, Router and Computer etc. And I got know about how to setting on devices, install all application, setup Operating System. So I think that those of my skills them me fit in position.

What interest me most of position I believe that it can develop myself on it more because I will have practical and work on it more. More and more I also have a good soft skill as communication, friendly, and good behavior with the teamwork, customer and others.

With my skills and experience, I confident that I can make you company have progressive and get more costumers. In discuss more with me to get more detail about my qualifications you can call me at (855) 87-40-67 or email sreyngit doeurm@gmail.com. I'm waiting for your discussing. Thank you for your time to review my information.

Best regards,
